It's a short and drama-free ceremony, followed by a full reception that you can enjoy with the closest loved ones, or with just the two of you! You share the resources with the others getting married that day, so that the cost to you is less.

How much does an Ali Events Micro Wedding cost?

The cost of each Ali Micro Wedding varies based on date and perks included. The range is between \$5,000 – \$7,000 per couple. Specific pricing can be found on each Ali Micro Wedding event page.

What is included in the price?

Additional fees apply to all add-ons.

Nope! We have time slots to choose from, and we have the day planned out meticulously. Couples get married in front of their guests only. However, the reception will be a combined reception. Each couple and their guests sit at the same table.

Do kids count towards my guest count?

Children ages 3 and under do not count towards your guest count.

How long does the wedding last?

A typical Ali Events Micro Wedding ceremony lasts about 10 minutes, followed by pre-reception photo session with is the photographer:

- 10-15 minute ceremony

- 2 hour reception

What times are available?

Each Ali Events Micro Wedding lists the available times, typically the first session time slot is around 11:00 am ending around 1:30 pm and the evening session begins around 5:30 pm ending around 8:00 pm. A 2 hour reception will immediately follow each session.

Can we have a wedding party?

To keep your ceremony short and sweet we have found it is best to limit the participants. You may have up to two Honor Attendants (i.e. Maid of Honor and Best Man). Typically they would be the people to sign your marriage license.

What about my own officiant? My best friend wants to do the ceremony and it would mean a lot to us.

To make sure we stay on schedule, our officiant will perform all ceremonies to ensure everything goes smoothly and is legal. The officiant will schedule a pre-wedding meeting to get to know each couple prior to the wedding day.

When will I receive my photos and video?

No later than four weeks after your Ali Events Micro Wedding. If you ordered additional photos and/or video products they will be delivered later and the timeline varies per product.
